NOTES FOR PARENTS/GUARDIANS

The Soccer Schools are supervised between 10am and 3pm and, whilst there, your child will be under the control of the coaches and other adults approved by the community sports. Whilst staff in charge of the scheme will take all reasonable care of your child, they cannot necessarily be held responsible for any loss, damage or injury suffered by your child during the Soccer School.

If you do not wish your child to leave the Soccer School unaccompanied, please ensure that the staff are informed. It is important that your child is collected promptly.

It is essential that you provide your telephone number and the emergency contact name and number on the registration form. In the event of an accident, every attempt will be made to contact you or your representative. However, should this prove impossible, the staff will take any steps they consider appropriate to your child's well being, including signing on your behalf consent forms required by the hospital should an operation or injection be necessary.

If your child is currently taking medication, the staff also need to know, and if the medication needs to be administered to the child by an adult, then the relevant form needs to be signed.
